

Math 12, Spring quarter 2018

Instructor: Gabriel Herczeg

Email: herczeg@ucdavis.edu
gherczeg@math.ucdavis.edu
Gabe.Herczeg@gmail.com

Office Hour and Location: Monday, Wednesday 2:15 - 3:15, MSB 2149.

Please arrive within the first 15 minutes of office hours or send me an email letting me know you're coming later.

TA: Jianping Pan

Email: jppan@math.ucdavis.edu

Office Hour and Location: Monday 1:00-2:00, MSB 2204

Class Hours

Class meets Monday, Wednesday, and Friday, 12:10 - 1:00 PM in Young 194.

Textbook

Precalculus, 2nd edition, by John W. Coburn. The textbook is optional, but recommended. The ALEKS module we will be using for homework is designed to be paired with this textbook, and will sometimes refer you to specific sections or formulae in the book. It will never be strictly necessary to refer to the textbook to solve a given problem, but it may be helpful for clarifying any questions you might have about problems you are struggling with.

Approximate Schedule of Topics

An approximate schedule of lecture topics can be found at:

https://www.math.ucdavis.edu/courses/syllabus_detail?cm_id=137.

Please note that this is only a rough outline of the topics to be covered and that the chapter and section numbers do not correspond to chapters in our book.

Homework

Homework will be completed online through ALEKS. You should have access to ALEKS via inclusive access. If you have purchased an access code for the class, be sure to *opt out* of the inclusive access so that you are not charged twice.

Midterms

There will be 2 midterms held in class during regular class time. Midterm 1 is scheduled for Friday, April 27th. Midterm 2 is scheduled for Friday, May 18th. Please bring calculators for these midterms. **You will not be permitted to use calculators on your phone.**

Regrades

Requests for regrades should be submitted electronically to Jianping with me in CC. Your message should include a succinct explanation of why you believe you received the wrong grade, and a clearly legible photo or scan of your exam must be attached. **All regrades must be submitted within one week after the exam was returned.** Most regrade requests will not result in a change of grade. If you do request a regrade, your score may be raised **or lowered**.

Final

Your final is scheduled for Tuesday, June 12th from 8:00-10:00 AM in Young 194. Please bring calculators for these midterms. **You will not be permitted to use calculators on your phone.** The final will be cumulative.

Grading

Course grade = 30% Homework + 20% Midterm 1 + 20% Midterm 2 + 30% final exam.

Your course grades will be curved, if need be, at the end of the quarter.

Class Website

The class website may be accessed on Canvas.

Communicating with me

The best way to contact me is via email. All messages should be sent to herczeg@ucdavis.edu or to my personal address Gabe.Herczeg@gmail.com. **Do not message me on canvas.** Please be sure to include “Math 12” in the subject line so I know to respond quickly.

Academic Dishonesty

Academic dishonesty of any form will be reported to the Office of Student Support & Judicial Affairs for appropriate action.
